

Reading Programs at the Petersburg Public Library

Library reading programs are designed to encourage all age groups to try new books and library programs. Reading can be fun already, but these challenges add activities, badges, and rewards to make it **exciting!** The programs offered through the library are completely FREE! Each program has its own challenge description which centers around reading books and logging minutes. The more you read and the more activities you participate in will bring you closer to winning certificates and prizes.

Beanstack

Petersburg Public Library is happy to announce that we now offer reading programs through the Beanstack app and [website!](#)

Beanstack allows:

- Easy registration for an individual, family, or group
- View all age appropriate reading challenges and activities
 - i.e kids or teens
- Log books and minutes read
- Post picture reviews
- Write reviews
- Receive notifications when prizes or certificates have been awarded

If you have any questions or need help registering for Beanstack contact the Youth Services.
